A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

TO CURE ANY DISEASE.

The Cause Must be Removed, Same Way With Dandruff.

Kill the germ that causes dandruff, falling hair and baldness, you will have no more dandruff, and your hair must grow luxuriantly. Newbro's Herpicide not only contains the dandruff germ destroyer, but it is also a most delightful hair dressing for regular toilet use. No other hair preparation is on this scientific basis of destoying the dandruff germs. It stops all irritation, keeps the scalp sweet, pure and wholesome. Remember that something claimed to be "just as good," will not do the work of genuine Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Royal Wedding.

The wedding of King Alfonso and Princess Ena of Battenberg on May 31 will be one of the most gorgeous royal ceremonies that have been witnessed for many years.

There will be princes and princesses by the score. Indeed, so numerous are the members of royal houses who will be present that the Spanish government is in a state of perplexity how to find them accomodation fitting their rank.

A committee composed of high State and court functionaries has charge of the arrangements. The princes and princesses of the British and Spanish houses will be lodged in the Royal Palace, but the other guests will have their quarters in various palaces which the grandees are offering for their reception, and which are being hurriedly prepared for the occasion.

The list of foreign representatives at the wedding is still incomplete.

Florists in the Canary Islands have been ordered to supply 1,200 tons of flowers with which to carpet the main street of Madrid for the wedding.

The six magnificent gowns which King Alfonso is presenting to his bride are now nearing completion.

The Queen-Mother Marie Christina has personally superintended the designing, and has chosen the materials for them. The future Queen of Spain delights in glittering embroidery, delicate silver tracery in threads, beads and sequins, and in her new dresses they have all their places in designs which represent the most beautiful creations of the dressmaker's art.

The wedding gown is of white satin, the skirt heavily embroidered in silver, and trimmed with exquisit lace, which alone represents a small fortune.

Light embroideries of silver, delicate lace and orange blossoms form the trimmings of the bodice. The full court train, of white satin, is a mass of glittering silver embroidery.

One dress, admirably suited to a fair bride, is of eau de Nil brocade, trimmed with lace which has been specially made in England by the cottagers of the revived lace industry.

A charming dinner gown is of forget-me-not blue crepe de chine, with trimmings of white tulle and silver embroidery.

More elaborate are two court gowns, one of cloth of gold and embroideried white satin, the other in vieux rose satin, embroidered in a design of lilies, executed in silver threads, with trimmings of Alencon lace of extraordinary value.

Another gown of red satin is draped with costly lace, and has a wide waistbelt of embroidered silver tissue.

Young Girl's Vision.

Although unaware of the fact that her father was in the city, and lying herself at the point of death, Lulu Kendall, the 17-year-old daughter of S. R. Kendall, of Keystone, S. D., saw, as in a vision, the accident which occurred to her father.

Miss Kendall was in attendance at the Sisters' School at Sturgis when she was taken seriously ill with rheumatism of the heart, and her father went to that city to be near her. The school is on the bluffs above the town, and while climbing the hill Mr. Kendall, being unfamillar with the place, missed his footing and slipped, falling 30 feet to the gorge below.

That night his daughter, all unaware of where he was, begged the doctors to send aid to him. She described vividly to Dr. J. D. Nefizger, the attending physician, the accident which had befallen her father and told how he lay at the foot of the neighboring cliffs.

"Please doctor," she begged, "send someone to help him. I can hear him calling for aid. Do not leave him there to suffer alone."

The attendants thought her pleas the result of a hallucination, and no attempt was made to find Mr. Kendall, and it was not until the next afternoon that he was discovered paralyzed at the foot of the bluffs, having lain there all night in the cold. The girl died that evening. Kendall is now in the bospital at Sturgis, and there is hope for his ultimate recovery.

The Simplon Tunnel.

The great Simplon tunnel was inaugurated by King Victor Emanuel yesterday, who passed through the tunnel to Brique, on the Swiss side of the mountain. The royal train passed through the 12 miles of tunnel drawn by a steam engine, the electric motors not being ready. On reaching the middle of the tunnel, at a height of 2200 feet above the sea level, the king remarked.

"It is a cyclopic work, the result of half a century of study, seven years of work and the expenditure of nearly $15,000,000.

At Brique the king was received by the President of the Swiss Republic and the members of the Federal Council. In the speeches which followed the meeting of the king and the president much satisfaction was expressed at the opening of the tunnel, which was completed, so far as piercing the mountain was concerned, in February last.

A torpid, inactive liver can produce more bodily ill than almost anything else. It is good to clean the system out occasionally. DeWitt's Little Early Risers, Reliable, effective, pleasant pills with a reputation. Never gripe. W. F. Creighton & Co., 401 King St.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica salve," says A. C. Stickles, of Miletus W. Va., "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at E. S. Leadbeater & Sons' druggists.

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, Inflammation and Ulceration, Falling and Displacement, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Local Weaknesses than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors in an early stage of development.

Irregular, Suppressed or Painful Periods, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility quickly yield to it. Deranged organs, causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system.

It quickly removes that bearing-down feeling, extreme lassitude, "don't care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulency, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the organs, which this medicine surely cures. Chronic Kidney Complaints and Backache, of either sex, the Vegetable Compound cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

IN VIEW OF the astounding revelations of graft among Pennsylvania Railroad officials, and the flagrant discrimination against independent coal shippers and the public during last week's hearings before the Interstate Commerce Commission, the important question has been raised, says the Philadelphia North American, "What means will the Cassatt management take to square itself with the public and the stockholders of the corporation, whose interests have been betrayed and whose confidence has been outraged?" President A. J. Cassatt, in public statements, gave positive assurance that rebating, car discrimination and other traffic evils had been banished from the Pennsylvania system, and he repeated his assurance in person to the President of the United States. Yet it has been shown in an investigation touching upon only a limited section of the soft-coal producing fields that rank discrimination has been practiced, crushing the life out of independent operators and robbing the public of the benefit of competition. Furthermore, the chief beneficiaries of Pennsylvania Railroad favoritism have been the so-called "Cassatt companies," the Berwind-White Coal Mining Company and the Keystone Coal and Coke Company, and their methods of distributing graft to railroad officials from low to high were so notorious as to preclude the excuse that they were unknown to the responsible managing officers of the company. In the three day's hearing which closed for the week on Friday no less than seventeen Pennsylvania Railroad officials appeared in the testimoney as having accepted 7,824 shares of stock in coal companies, besides hundreds of other shares not enumerated in the testimony—and the surface was only scratched. How deeply this system of graft has spread among officials of the railroad may be seen from the fact that the stock distributed among these thirteen officials has a par value of nearly a half million dollars and a market value much in excess of that figure. Commenting on this state of affair the North American continues:

In several cases the recipients of the stock received dividends therefrom in excess of the salaries paid them by the railroad. Under such circumstances it would be only natural to expect that the interests of the coal companies which paid them such fat remuneration for "favors" would receive consideration in precedence to the interests of the railroad company, the public and independent coal producers. Scarcely more than a year ago A. J. Cassatt, summoned to the White House for conference on railroad rate legislation, positively assured President Roosevelt that there was no discrimination, no favoritism, no payment of rebates or other allowances on the Pennsylvania Railroad. This corporation, operating the greatest transportation system in the world, was being conducted along lines of strict honesty and equal dealing. Such were the assurances given by the president of the Pennsylvania Railroad to the chief executive of the nation. Not only was his company good and its management clean, when on Mr. Cassatt, but he was so anxious to see the "square deal" policy carried out to the letter by all railroads that he offered to back up President Roosevelt to that end with the entire organization of the Pennsylvania Railroad.

A DISPATCH from St. Petersburg announces that Emperor Nicholas has won an unqualified victory in the first openly threatened clash with the Douma. The Deputies today, in the face of the direct refusal of the Czar to receive a deputation from the Douma to present the answer to the address from the throne, was characterized as a direct challenge to the new assembly. In view of the fact that extended caucuses were held yesterday by the constitutional democrats to decide upon what course should be taken by the Douma, the action today is significant. The surrender of the Douma on this important point, namely the right of the representatives of the people to address the Czar directly, has aroused the greatest discussion and brought great criticism upon the Deputies. It was expected that a general outcry against the Czar would be raised when the Douma met today. Instead of the expected outbreak, however, the deputies by an almost unanimous vote passed a resolution to proceed with the "order of the day," thus ignoring the slight of the Emperor. There were a few fiery speeches from radical deputies, but they availed little and had no effect upon the members in voting upon the resolution to ignore the subject. Attention has for some time been centred upon the Douma, and it was supposed in many quarters that that body would not submit to the action of the Czar, but the cloud which had been ominous seems to have suddenly passed away.

A MOVEMENT to close down window-glass factories to maintain prices has been inaugurated in Pittsburg. This is another illustration of the power acquired by the trusts by means of the existing tariff laws.

AS WAS stated in the Gazette, the President on Saturday named Andrew J. Montague, ex-governor of Virginia, a delegate to the third international conference of American States at Rio de Janeiro, this summer. The many friends of ex-Governor Montague were proud to hear that the President had selected him as one of the delegates, realizing as they do that Mr. Roosevelt has made no mistake in his choice. He is an able lawyer and will not only reflect credit upon his native State, but his country also.

Washington, May 21.

All records for talk on the American continent as far as modern history knows have been broken by the present Congress. The list of legislative accomplishments, outside of private pension bills, is comparatively small, when measured by the standards established by some previous sessions, but according to the Congressional Record, up to last Friday night, the Senators and members had spoken 11,694,400 words. These e.even million and a half of words were contained in 7,309 pages of the Record, or 14,618 columns. If placed one above another these lines of type would make a column 138,871 inches, or 11,572 feet, or more than 2 miles in height. Averaging ten words to the line, the talk ground out by the 59th Congress to date would foot up something like 11,694,000 and these words if strung on a wire they would reach over sixty-four and three-fifths miles of space. Before the session closes a few more miles of words will be spun out in the Record, sufficient, it is estimated, to make the feast of talk, if reduced to linear space, reach from New York to Philadelphia

The War Department fears that trouble may occur in Panama at the coming elections, early in June, and, at the request of Secretary Taft, the Navy Department is sending several hundred marines to Guantanamo, Cuba, and other points near the Isthmus for possible use in Panama. Four hundred marines will sail from League Island, Philadelphia, today on the cruiser Columbia for Guantanamo, but if conditions in Panama seem serious when the Columbia arrives there she will be ordered to proceed with her marines to Colon. The cruiser Marblehead sailed last week from San Francisco for a port in Honduras. She has marines on board who will be rushed to Panama in the event of serious election troubles.

The appeal of Senator Joseph Ralph Burton, of Kansas, was today decided by the Supreme Court of the United States against Burton. Justice Harlan read an opinion upon the constitutional questions raised by Burton's counsel, deciding each against the Senator. Burton is under sentence by the Circuit Court for the Eastern district of Missouri to serve 6 months in the county jail and pay $2,000 fine on first count, and serve 6 months and pay $500 fine on a second count of indictment charging that he acted as counsel for the Rialto Grain and Securities Company in a fraud order proceeding before the Postoffice Department. With the issuing of a mandate in the case which will follow in a few days, Burton will not only have to go to jail, but therewith will cease to become a Senator. Since his original indictment Burton has not participated in any of the Senate proceedings. Former Senator Thurston, of Nebraska, at the close of the reading of the opinions, addressed the court and stated that the attorneys for Senator Burton who were unable to be present had instructed him in case of an adverse decision in the case to request an extension of the court's term, which closes May 28, so that a petition for a rehearing of the case may be presented. Mr. Thurston said that sixty days extension would be sufficiect and court granted the request. The effort of this order is to stay the Supreme Court's mandate ordering the judgment of the Missouri Circuit Court to go into effect and will thus delay Burton's imprisonment.

The railroad rate bill as it passed the Senate, was sent to the House at 12:05 today. The significance of the incident was lost on the galleries as well as on most of the members of the House. The Senate messenger read it by number—"H. R. 12987"—as well as by title, and announced that the concurrence of the House was requested in the Senate amendments to the bill. It was carried to the speaker, and constructively will "lie on the table" until decision shall have been reached on the course now to be pursued. The House committee on interstate and foreign commerce, at its meeting tonight, may agree on program, although it is generally believed that some time will first be devoted to conferences. There have been persistent rumors that the House may concur in the amendments, thus obviating the necessity of sending the bill to a conference of the two Houses, but Chairman Hepburn deprecates such statements. In the opinion of Speaker Cannon also a conference will in the end be necessary.

President Roosevelt is declining to see any American who calls at the White House for the purpose of registering kicks against the Cuban administration of the Isle of Pines. All visitors who come for the purpose of telling troubles of that kind are referred to the State Department, and at the State Department Secretary Root has given instructions that one of his subordinates shall handle the cases.

Chairman, Hepburn, of the House committee on interstate and foreign commerce, has called a meeting of that committee for tonight to consider informally the railroad rate bill as passed last week by the Senate.

Chief Wilkie of the secret service received a message from San Francisco, this morning, bearing the news that one of his men there had yesterday arrested S. B. A. Gazing vacantly at the audience he threw up his hands and fell.

Two men were killed and 14 injured as the result of a work train being wrecked shortly after 5 o'clock Saturday evening on the new extension of the Western Maryland Railroad, just east of Indigo Tunnel, a few miles west of Pe.rre, Md., The accident was caused by a rock, which rolled down the side of a mountain and landed on the track.

After another short filibuster the House Saturday succeeded in finally passing the Lee private claim growing out of an election contest in the Forty seventh Congress. The anti-graft bill, orginally passed by both houses as a result of the cotton-leak scandal, was laid on the table by the vote of 101 to 26, because, as reported by the conferees, it included Congressmen within its provisions.

The Czar has refused to receive the deputation with the address from the Douma in reply to his speech, and it has been ordered that the demands of the parliament must be presented through the imperial ministry. The members of the Douma are enraged and trouble is imminent. Dispatches trom St. Petersburg indicate that the Emperor does not consider the address of the lower house as being an ultimatum beyond the demand for amnesty, which will take first place in his reply.

Bishop Potter, of New York, preached yesterday at All Saints' Church, Garsden, near Malmesbury, England, where it is proposed to restore the monument to Sir Lawrence Washington, an ancestor of George Washington. Rev. Mr. Collins, of Detroit, Mich., and Rev. Mr. Hay, rector of All Saints', assisted at the service. Bishop Potter's sermon drew a comparison of Napoleon, Wellington and Washington and was a eulogy of Washington, whose name, he said, was idolized in Europe, and for whose memory it was intended to restore the memorial and perpetuate a great name and lineage.

A triple tragedy occurred last night at Linville Ky. A visitor to the warehouse owned by Mark Wilson, a prominent merchant, found the proprietor, his brother, West Wilson, and Arthur West lying on the floor shot to death Revolvers were found beside the bodies of Arthur West and West Wilson. Two citizens reported that they had been at the warehouse shortly before 7 o'clock yesterday evening and left the trio apparently on good terms, although all had been drinking. The supposition is that West Wilson and Arthur West engaged in a shooting affray, killing each one other, and that one of the bullets struck Mark Wilson.

Twenty-three Houses Destroyed.

A fire broke out at Crisfield, Md., at 5 o'clock yesterday morning which destroyed one section of the town and at one time threatened to burn out the whole place. The fire broke out in the flour mill, canning house, and woodyard of Frederick Johnson, and spread to the adjoining buildings, being fanned by a stiff breeze. While the firemen were concentrating their efforts to keep the fire from spreading down Main street, the flames leaped from one building to another. Twenty-three frame houses were quickly destroyed, and the families living there, mostly colored people, were forced to hurry out in their night clothes. Besides the Johnson mill and woodyard, there were destroyed the African Methodist Episcopal Church, the I. O O. F. hall of the colored people, the Association Grocery Company, also belonginiog to colored people, and a number of residences. The loss is estimated at $50,000. The insurance is comparatively small.

Asylum Investigation.

Before the legislative committee investigating the affairs of the Eastern State Hospital, H. B. Boudar, expert accountant, testified on Saturday that after examining the books of the institution, he had reached the conclusion that there had been no real graft, but that the books had been carelessly kept and that the State had suffered considerable losses on account of it. In several cases, he said, goods were bought at one place and charged up to the institution in higher figures.

He further stated that several times bids for supplies had been accepted when lower bids had been put in. In one case a firm bid 95 cents for salt, and was paid $1. The firm afterwards returned this money. Case after case of this kind was cited.

The witness then read of cases where goods had been delivered and received in excess of bids. These instances were also numerous. The increased prices were paid The discrepancies should have been discovered in a few minutes, he said, by the steward and general board.

Boudar said that he could find no evidence of any profit derived by the officials and believed the trouble to be due to negligence.

To the Editor of the Alexandria Gazette:

Dear Sir: Two years ago I established at the University of Virginia, my Alma Mater (M. A. 1901), a Summer Art School, which we believe is the only school of this standard in the South. The idea was to supply an almost absolute deficiency in the educational advantages of the State. The result has been encouraging.

In order to have our school more widely and intimately known we would like to offer to any one of your subscribers who has not been a member of our school, a scholarship consisting of free tuition in all classes for one month, beginning June 20th

The applicants will forward original drawings to my New York studio on or before June 10th. The scholarship will be awarded to the drawing indicating the greatest natural ability.

Will you kindly let me know if this item is of sufficient interest and merit to give it circulation through your paper? Our prospectus accompanies under separate cover. Yours very truly,

American Vice Consul Assassinated

Batoum, Russia, May 21.—Wm. H. Stuart, the American vice consul here, was assassinated at 11 o'clock last night.

Batoum, Russia, May 21.—The murder occurred at Mr. Stuart's country residence, a quiet place about six miles from the city. It is believed that he was killed by dissatisfied workmen.

Washington, D. C., May 21.—Wm. H. Stuart, vice consul for the United States at Batoum, Russia, who was assassinated last night, was an Englishman. He was appointed to his official position May 4, 1904. The post is a minor one in the American consular service, to which there is no salary attached, the incumbent being paid in fees. Last year these amounted to a little over $800. Mr. Stuart was engaged in business at the time of his appointment and was permitted to continue it along with his consular duties. Stuart was 49 years of age. He was managing partner of Famaticorch and Company, oil merchants at Batoum. Although holding only the tank of vice consul, he was the head of the American consulate there. Under the new consular bill, passed this year, a regular consul will be appointed. The State Department at 10 o'clock this morning received a dispatch from Ambassador Von Meyer, at St. Petersburg, stating that he has been informed by the British consul at Batoum that vice consul Stuart had been murdered. No details were given, however. The State Department will not, for the present, send any message of inquiry, believing that Ambassador Von Meyer will send the details as soon as they are procurable. Should it develop that the Russian government was in any way responsible for the crime, by failing to provide proper protection for vice consul Stuart, due representations will be made by the State Department through Ambassador von Meyer, to the Russian foreign office. The State Department will take no action in the case of Mr. Stuart pending a further investigation of the matter by U S. Ambassador Meyer, who is expected to send a full report as soon as he has completed his investigation. Only a brief dispatch was received by the State Department this morning from Ambassador Meyer in which he stated that the British Consul at Batoum had reported to him the assassination of Mr. Stuart It is said at the State Department that the case of Mr. Stuart may become somewhat complicated from an international point of view because of the fact that Stuart, although employed by the United States, is a citizen of Great Britain, and was never naturalized by the United States, retaining his British citizenship to the time of his untimely end.

Experiments with Submarine Boats.

Berlin May 21—Kaiser Wilhelm has ordered that exhaustive experiments with submarine boats constructed by the American builder, Simon Lake, of Bridgeport, Conn., be conducted during the regatta week, beginning June 20. The Emperor will personally supervise the experiments to decide whether Lake shall be awarded a contract to construct a number of submarines for the German navy. Experts say that Lake has produced the largest and best existing submarine boat. He is already supplying Russia and several other European countries with all their submarine vessels. If Lake secures Germany as a customer, as a result of the tests to be made next month America will be supplying the greater part or the civilized world with submarines.

Attempted Murder and Suicide.

Hackensack, N. J., May 21—John Cole, who was employed as an engineer on the Hamilton Avenue Ferry line from New York to Brooklyn, made an attack on his wife and their 20-year daughter Maria with an axe in their home at Woodcliff, N. J., early this morning Mrs. Cole's skull was fractured so badly that it is feared she will die. Cole then shot himself with a revolver, the wound proving fatal. Little is known about the Cole family at Woodcliff, as they had lived there only a week. They moved to Woodcliff from Corona, L. I. It is supposed Cole was temporarily insane when he made his attack on the two women. He was 65 years of age.

Girl Killed by Brother's Gun.

Richmond, Va, May 21.—Taking great interest in a shooting match with a parlor rifle yesterday between her 11-year-old brother Eugene and a friend, Mary Virginia Hayes, a young daughter of James M. Hayes, stood close by the boys. Suddenly she gave a cry of fright as she saw a rat running near. Unmindful of the fact that her brother had the rifle at his shoulder, she ran in front of it as he, not seeing her, pulled the trigger. The bullet enter her neck, severing the carotid artery, and she fell to the ground, dying almost instantly. Her parents are prostrated by grief and her brother is frantic over the terrible accident.

Escort for Cardinal.

Baltimore, May 21. — A strangely picturesque cavalcade yesterday escorted Cardinal Gibbons to and from St. Joseph's Church, at Neckar, eight miles from Baltimore. The escort was composed of male members of the congregation and riders and horses were gorgeously decorated. Long red and white streamers were tied to the horses' tails, and their necks were hidden in ribbons. Geo. Seidel, marshal of the procession, was wrapped about with folds of red silk, and his horse was so covered with bunting and flowers that only his legs were visible. The Cardinal rode in a closed carriage, and a brass band led the novel procession.

New York Stock Market.

New York, May 21.—Business on the stock exchange so far has been confined almost wholly to room traders, the majority of whom are bearish in their market operations and have been moderate sellers of stocks, causing fractional declines in nearly all the stocks traded in. Letter to J. W Emmert & Co,

Alexandria Virginia,

Dear Sir: $1 50 a gallon is dear for water. There is a good deal of water in some paint, and shouldn't be any,

They say oil and water don't mix; add alkali; that makes soft soap. A certain amount of oil water and alkali makes thick paint; it is thick in the can; it is thick to look-at, feels thick in the brush. But soap isn't paint; and you can't cheat Nature; you can't cheat Weather; you can't cheat Time.

The alkali don't do the paint any good; it isn't put-in for that. it is put-in to hide the water; to sell it and sell you; $1.50 a gallon for alkali-water.

By Devoe, and go by the name.

Yours truly,
F W DEVOE & Co.

Mr. Hyde, of Tiffany & Co., was in attendance. It is said that full resitution has been made by Brosseau.

To Forward Relief Fund.

Ottawa, May 21.—It is understood that the government has practically decided to forward the $100,000 voted by Parliament for the relief of the San Francisco sufferers. It will be sent as a direct contribution either to the Red Cross Society or to the Mayor of San Francisco. Thus it is hoped to avoid the diplomatic restrictions involved in the attitude of President Roosevelt toward foreign subscriptions.

There was barely a quorum present. The legislative, executive and judicial bill, the government salary measure was taken up.

HOUSE.

The House settled down today to a "bargain day" in legislation, bills coming up under a suspension of the rules and democratic Floor Leader Williams keeping up his statehood filibuster, making frequent points of no quorum. Speaker Cannon, making a great pretense of counting, immediately certified the presence of a number sufficiently large to continue the House at work.

The first measure passed regulates enlistments in the revenue cutter service and provides punishment for disobedience of enlisted men. A bill was passed giving the Secretary of the Treasury the authority to issue gold certificates in denominations of $5, instead of not less than $20, as now provided by law and also giving to national banks the authority to place in circulation such portion of their circulating notes in the denomination of $5 as the Secretary of the Treasury may authorize instead of being limited to issue $5 notes to-one third of the circulation as now provided by law.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 4:41 a. m. and sets at 7 11 p. m. High water at 6:49 a. m. and 7:16 p. m.

Weather Probabilities.

For this section fair tonight and Tuesday; warmer Tuesday; light northeasterly, shifting to southeasterly winds.

Accident on the Transfer Barge.

Several cars, loaded with coal, were derailed Saturday night while attempts were being made to pull them off the B. & O transfer barge. Yesterday morning while the crew were endeavoring to place them on the rails the rear car broke loose from the train and ran toward the east end of the barge. The car being off the rails, it broke in the hatches and when it reached the end of the barge it bore the latter down awash with the river and the water entering the hatches sunk it. The car went overboard and stood on its end completely closing the entrance to the slip. Later in the afternoon the car was pulled away from the barge when it sank out of sight. The other cars which had been derailed were placed upon the track and pulled off the barge, when the latter was pumped out. The transfer service will remain closed until the sunken car is removed from its present position, and in the meantime though freight trains will be sent north via the Washington-Southern Railway.

Henry Street Track.

As has been stated in the Gazette, a petition will be presented tothe City Council tomorrow night requesting that the necessary steps be taken to compel the Washington-Southern Railway Company to remove the railway track from Henry street. Messrs. Samuel G. Brent and John M. Johnson have been retained to look after the interests of the petitioners. On Saturday, when it became known that the petition was being circulated, the electric railway officials requested permission to restore the rails at that point yesterday, but Mayor Paff refused to allow them to work on Sunday, and no attempt was made to violate his orders. A gang of men attempted to replace the "frog" this morning, but were stopped by order of Mayor Paff, as they had no permission to tear up the street. It is understood that the matter will rest till Council takes action.

Funeral.

The funeral of the late Edward Hughes, whose death occurred Friday at his home, corner of Duke and Payne streets, took place this morning at 10 o'clock from St. Mary's Church. Requiem mass was celebrated by Rev. H. J. Cutler, and the interment was in St. Mary's Cemetery. The pallbearers were Messrs. J. M. Johnson, Geo. Uhler, W. A. Smoot, R. M. Latham. Thos. Walsh and M. Downey. A delegation from the Columbia Fire Company attended the funeral, together with a number of other friends of the deceased. While the funeral was in progress the bells in the engine houses of the city were tolled.

Fatal Affray.

One negro dead and two others injured, one of them probably fatally, is the result of a shooting affray which occurred Saturday night in Rosslyn, Alexandria county. John Jones, colored, 70 years old, it is said, started the trouble. He was killed by Constable Edward Veitch. Jones wounded Terry Godsey, 35 years old, who is at Georgetown University Hospital with probably fatal injuries, and Eastus Ranson, 20 years old, who is suffering from a bullet wound in the shoulder. The quarrel first started in Washington, between Jones and Ranson, and was renewed in Rosslyn. Jones had been drinking.

Must File Notices.

The candidates for the City Council who were recently nominated by the democratic committee and primary election and any others who wish to become candidates at the general election to be held on June 12th must, under the law, file with the clerk of the Corporation Court notices of their candidacy by tomorrow, the 22d, otherwise their names will not appear on the ticket to be voted on that day. The State law requires such notices to be filed twenty days before a general election. Notice of the candidacy of each person must be filed by the candidate and attested by two witnesses.

Elks' Bazar.

There was another large crowd at the Elks' Bazaar Saturday night. The members of the fire department also attended. They marched to Armory Hall in uniform headed by a drum corps. In the procession were many young people who carried red lights. Coupon No. 373, which is supposed to be in possession of some one in Washington, won the United States bond which is valued at $105 50 On Saturday afternoon a children's matinee was given, the price of admission having been reduced one-half for the occasion. The Washington Elks will visit the bazar tonight.

Fight on the Point.

A fight occurred on Jones's Point yesterday afternoon among some men who had landed from one of the houseboats anchored in that vicinity. Stones were hurled by the combatants and knives flourished. No one, however, was seriously hurt. Jones's Point has ever been a pleasant locality on which to stroll on pleasant Sunday evenings, and many ladies, gentlemen and children resort thither. It is unfortunate that it has become the embarkation and landing point of certain patrons of these barges who are prone to break the peace.

Death of Mrs Nash.

Mrs. Aline Nash, widow of M. H. Nash, who had been in ill-health for some time, died at an early hour yesterday morning at her home, 109 north Patrick street. The deceased was a daughter of the late Captain James Guy. She leaves several children. The funeral will take place tomorrow morning at 9 o'clock, and solemn mass will be said at St. Mary's Church.

Accident to Baggagemaster.

J. H. Jeffries, baggagemaster for the Southern Railway at Manassas, was seriously, if not fatally, injured about 9 o'clock Saturday night by being struck by a freight train. A truck wheel passed over his left arm, injuring it so badly that amputation was necessary. He is injured about the face and body.

Personal.

Mrs. Robert S. Barrett and children of the City of Mexico, are the guests of Mrs. Kate Waller Barrett

Mrs William Cabell Trueman, of Richmond, is the guest of Mrs. M. C. C. Peyton at her home on north St. Asaph street.

Miss Elise Miller, of Baltimore, is visiting Miss Jessie R. Armstrong.

Mr. and. Mrs. C. R Yates left today to spend two days with relatives in Greensboro, N. C.

Mr. and Mrs. Sherman B. Fowler are at Atlantic City for a short vacation.

Mr. and Mrs. John T. Nalls have gone to Purcellville on a visit.

Miss A. S. Henderson has returned from a pleasant visit of several weeks to New York.

Capt. T. V. Amos of the Metropolitan Police of Washington, was in the city today the guest of Lieut. James Smith, who is still quite sick at his home.

Newspaper Critics.

An exchange says: "One of our subscribers took us to task this week for failing, as he remarked, to publish all that happened. It was fortunate for this particular individual that discretion occasionally demands the omission of unpleasant items. Should we publish all that is told to us we would be with the angels in about 20 minutes after our papers were mailed. We try to print all items that are news, or that will encourage, help or cheer any of our citizens along life's rugged road. We all, doubtless, would enjoy reading 'all the news' when it is about the other fellow, but our policy is to turn over to the gossips the spreading of scandals that only leave sorrow in their trail."

The above will apply to Alexandria as well as to all communities.

Savings Departments.

The announcement in the Gazette of Saturday that the Alexandria National Bank had added a savings department to that institution is followed today by similar announcements by the First National and Citizens' National Banks

Messrs. Burke & Herbert will also announce tomorrow that they have opened a savings department in their banking house.

This is but going back to the custom which prevailed here in years gone by. The announcement, however, was somewhat of a surprise in business circles.

The Virginia Safe Deposit and Trust Corporation has had such a department since it began business in this city.

No Regatta.

Owing to a lack of training with the majority of oarsmen, the Old Dominion Boat Club will not hold an annual regatta on May 30th as has been the custom for many years past. The Boat Club has always kept an "open house" on these holiday occasions, and the public thoroughly enjoyed the many interesting and exciting races between the members. As an offset to any disappointment, an effort will be made to organize and train a crew to compete in the Middle States Regatta to be held at Washington on July 4th, under the auspices of the Potomac navy.

Baseball

The Invincible Baseball Club will play the Alexandria Athletic Club Thursday afternoon at 5 o'clock on the old fair grounds. The Invincibles have played four games this season, winning them all, and a good game is expected for Thursday. The line-up will be as follows: Lyles, catcher; Martin, pitcher; Hullett, 1st b.; H. Zimmerman, 2d b.; C. Zimmerman, 3rd b.; Stern, s. s.; Risdon, l. f.; O'Brien, c. f.; Everett, r. f.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Sophie Lewis and Blanche Parker, both colored, arrested by Officers Beach and Arrington for disorderly conduct, were fined $2 50 each.

John Williams, arrested by Officer Beach charged with assaulting Stanley Grinelle, was fined $5.

Death of Former Resident.

Mrs. Angie Cooper, widow of George Cooper, died at her home in Washington yesterday, after a short illness of pneumonia. She was of a generous disposition and her death is regretted by all who knew her. The deceased in former years lived in Alexandria. Her remains will be brought here tomorrow afternoon and interred beside those of her husband.

The Kobre Murder Case.

The trial of Sam Kobre, William Plain and J. E. Witbeck (the latter formerly of Alexandria), charged with the murder of Henry Kober, who was killed in Max Kober's saloon at Winston Salem, N. C., last January will be held at this week's session of the criminal court at that place. The three men are held without bail in the county jail.

The New Ferryboat.

The new ferry steamer Callahan was liberally patronized yesterday the boat transporting many passengers on each trip. An unusually large number of persons were landed here at seven o'clock, the last trip of the steamer.

LOCAL BREVITIES

A special meeting of the Relief Hook and Ladder Company will be held Wednesday night, for the transaction of business of importance.

A slight fire occurred yesterday afternoon in a house on Queen street, between Royal and Pitt. The flames were extinguished without sounding an alarm.

The ladies who intend taking part in the singing at the Confederate Memorial exercises, on Thursday, May 24th, will meet tomorrow, (Tuesday) night at 8 o'clock, at Confederate Veteran's Hall.

Old Dominion Commandery, K. T., instead of holding Ascension Day services on Thursday next will attend services on the following Sunday night at Grace Church, when Rev. Edgar Carpenter will deliver an address to the Sir Knights.

A report was circulated on north Fairfax street this morning to the effect that an iron box containing money had been found by workmen engaged in repairing the Cameron street side of the Braddock House. The report was a hoax. Many years ago the Alexandria Bank was located on that corner.

The Alexandria Athletic Club will meet at the Elkton tonight at 8 o'clock to perfect an organization of its baseball team which will play its first game Saturday, May the 26th, with the Tacoma Park team at 5 o'clock on the Old Fair grounds.

Miss Gertrude Freday, of Baltimore, will give an open air exhibition of high class pictures interspersed with advertisements in this city next Saturday evening at a location to be announced hertafter.

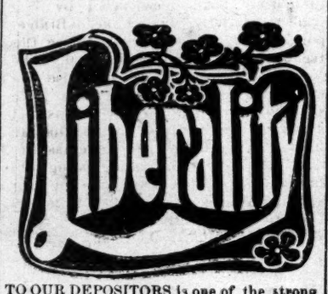
FINANCIAL



TO OUR DEPOSITORS is one of the strong features in favor of this corporation, for where there is liberality there is conservatism and safety, for in being liberal with our patrons we are not only extending our business but also doing something which contributes to the general prosperity of our city. Since the day this institution first opened its doors for business and invited, encouraged and assisted the people of all ages and conditions in life to form correct habits of economy, and save some portion of their earnings, its success has been unexcelled by any banking institution in northern Virginia. We attribute our success largely to the fact that we have shared with our depositors OUR PROFITS by allowing them 3 PER CENT. interest in our Savings Department. The daily deposits of the executor, administrator, curator, assignee, receiver, trustee under decree or will, or order of court receive interest on their monthly balances. Liberal interest allowed on money deposited pending investment, and on certificates of deposit, and all other special accounts. This corporation has unsurpassed facilities for handling the accounts of banks, corporations and individuals, and solicits the same.

Cat Overturned Lamp.

Through the overturning of a lamp by a cat in the home of James Graves, at White Plains, N. Y., early yesterday morning, one of his daughters—Estelle—aged 15, will die, while Adele, aged 11 will be disfigured for life, if she recovers.

The girls were sleeping in an upstairs room, when the cat, which had been lying on a rug in the hall, ran into the room and bumped against a kerosene lamp, overturning it and causing it to explode. The girls' shirtwaists were lying on a chair by the lamp. The burning oil ignited them, and the blaze awoke the girls, who jumped out of bed and tried to extinguish the flames. In their efforts their night clothes took fire, and they were badly burned about their faces and bodies. They screamed for help and ran to a window which opened on a porch in the rear of the house. They got out on the porch, where they were found clasped in each other's arms. They were rescued by neighbors, who heard their screams.

The girls were taken to the White Plains Hospital, where it was said last night that Estelle could not possibly live, as she had inhaled the flames and was burned internally. Adele is severely burned about the body and head, but has a good chance of recovery. The hair of both girls was burned close to their heads, which were frightfully blistered.

Automobile Accident.

One woman is killed and three other persons are in the Hamot Hospital in Erie, Pa., in a serious condition as a result of an automobile accident on the Lake road shortly after midnight yesterday morning near Girard. The party had left Cleveland early in the evening to make the run to Erie, with the intention of arriving in Buffalo yesterday morning.

The accident occurred about a mile east of Springfield on a piece of road way that is particularly favorable to speeding. In turning a sharp curve the machine crashed into a telegraph pole, throwing the occupants out, and the machine then turned over on top of them.

Mrs. Julia G. Young, 26 years old, wife of Albert W. Young, of Cleveland, is the name of the dead woman. She was killed almost instantly by being dashed against the telegraph pole and sustained a fractured of the skull.

The injured are: Carl E. Shurmer, 21 years old, of Cleveland. Both his legs were broken, but it is expected he will recover. W. H. Shurmer, father of Carl, had the right shoulder broken and sustained bruises. A. W. Young, husband of the woman who was killed, was badly bruised about the body and limbs. Mrs. W. H. Shurmer and E. C. Miller, the chauffeur, escaped with but slight injuries.

Accidentally Shot.

Hovering between life and death in the Presbyterian Hospital, in Philadelphia, with the surgeons fearing to operate for the bullet, Mrs. David Coldren, the bride of a day, lay moaning yesterday for her husband to come to her. No one had the heart to tell her that Coldren is locked up in Moyamensing prison. On Saturday night at the station house, it is reported, he attempted suicide while in a fit of despondency by beating his head against the wall. Soon as a priest, hurriedly summoned to the hospital Saturday had ended the marriage service, Coldren leaned down over the cot where lay Bessie Regan, now his wife, whom he had accidentally shot in the house they were to live in, and tenderly kissed her. Then he was lead away to spend the night in a police station cell. Yesterday he was given a hearing by a sympathetic magistrate. An ante-mortem statement by the young woman was read, in which she entirely exonerated Coldren. After the hearing Coldren was taken to Moyamensing, to await the result of the girl's injuries, such action being imperative upon the magistrate.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackets, of Alliance, Ky., as a year of blood; which flowed so copious from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds, at E. S. Leadbeater & Sons' drug store. Price 50c and $1.00. Trial bottle free.

Murderer Confesses.

The mysterious disappearance last February of Minnie Brendt, a working girl of Hametown, Ohio, was cleared up Saturday night by the discovery of her body in the haymow at the home of her lover, Leo Deibel, four miles southwest of Barberton. A bullet hole in the skull showed that she had been shot, and last night Deibel, after being sweated, is alleged to have confessed to Sheriff Barker and Marshal Ferguson, of Barberton, that he killed the girl. Minnie Brendt disappeared about the middle of February, and all search for her was without avail. Deibel was closely questioned for hours yesterday by the officials, but stoutly maintained his innocence until last night, when Sheriff Barker stated that the young man told the story of the crime to him at the county jail. He says he wanted to marry her, but his mother forbade him. He says that he took Miss Brendt to his mother's barn, where he kept her a prisoner for four days in the hope of arranging the marriage. Finally he decided to dispose of her with a rifle.

Lions Raid Town.

A herd of hungry lions attacked the town of Chorumo, British Central Africa, on Tuesday night, and not only killed eleven natives, but put the rest of the population to flight and demolished many of their huts.

Between fifteen and twenty lions made the raid at dusk. They first attacked two natives on the outskirts of the town. One of the natives escaped, and while the body of his companion was being torn to pieces he ran to the government building.

The watchmen on duty refused to believe his story, and while the frightened native was protesting the lions suddenly dashed into the main street.

Three watchmen were struck down before they could reach their rifles, and the native who had previously escaped was likewise killed.

A fourth watchman, who fled to an inner room, was pursued by two of the brutes and torn to pieces.

A child was seized in front of one of the huts, and when the frantic mother attempted to rescue it she was likewise attacked and eaten. Three other natives were killed and eaten.

The lions killed a large number of goats and other live stock, and afterward roamed through the town, prowling round some of the huts in which the inmates had barricaded themselves.

A large number of natives who managed to escape from the town got into their canoes and paddled to the middle of the River Shire, where they spent the night.

They could distinctly hear the shouts of the besieged.

Chorumo is situated near the Elephant Marsh game reserve, where fifty elephants lived last year.

Riot at Socialist Meeting.

About 50 Austrians who had attended a social meeting in a hall back of the saloon of Joseph Stonich, in Williamsburg, N. Y., Saturday night, got into a fight early yesterday morning. A member of one faction had called a member of another a liar. The proprietors of the hall closed the bar and tried to get the crowd to disperse. More than a dozen were fighting when somebody turned out the lights, and they fought in the dark. Knives were used, and the cries of the injured awakened the neighborhood. Before the police reserves arrived it is asserted that more than a dozen wounded men were carried away. The hall looked like a shambles, and the police were convinced that many more had been hurt. The crowd ran when the police arrived, but they succeeding in arresting several of the rioters.
